Beam (m): 7.8
Draft (m): 1.3
Displacement (tonnes): 15
Hull material: Fiberglass / GRP

Hull form: Multihull
Waterline length (m): 12.74
Air draft (m): 17.5
Dry weight (kg): 15000
Rig type: Sloop
Sail area (m?): 93.8
Propulsion: Sail
Fuel type: Diesel
Engine manufacturer / model: propulsion
Total engine power (hp): 114
Engine hours: 280
Number of engines: 2
Engine model: 57
Engine year: 2023
Total installed engine power (kW): 85.01
Drive type: Saildrive
Maximum speed (kn): 10
Cruising speed (kn): 7
Declared range (nautical miles): 332
Declared fuel consumption (L/h): 13.7
Speed at stated consumption (kn): 7
Fuel capacity (L): 650
Fresh water capacity (L): 650
Black water capacity (L): 120
Grey water capacity (L): 162
House battery voltage (V): 12
House battery capacity (Ah): 800
Declared usable battery energy (kWh): 6.72
Generator power (kW): 9
Solar array power (W): 360
Cabins: 4
Berths: 8
Passenger capacity: 10
Heads / bathrooms: 4
Crew berths: 0
Cabin headroom (m): 2
Watermaker output (L/h): 60
